Welcome

We are inviting you to join our team of volunteers in providing free eye care to needy children and families in Florida.

What to expect:
The Florida Lions Eye Clinic has partnered up with several physicians to provide quality eye care to our patients, whether it is in our Bonita Springs clinic or at the referring physicians practice. As an out of clinic volunteer physician, your practice will receive a referral packet with a letter stating if you would kindly accept the following patient for a pro-bono evaluation. You are welcome to decide on the number of patients you wish to see in your office each month. Your staff should contact the patient to set up their appointment. Once the patient is seen we would appreciate it if the report be faxed back to our office.

Mission:
Our mission is to provide state-of-the-art medical and surgical eye care accessible to underserved individuals in Southwest Florida.

Vision:
Our vision is to improve the quality of life for those who cannot afford eye care by providing exemplary and comprehensive vision care.

“Seeing is believing!”
-Florida Lions Eye Clinic Staff
Dear Physicians:

The Florida Lions Eye Clinic is looking for active or retired ophthalmologists who would like to volunteer at our clinic located in Bonita Springs, Florida or in their own office by being our referring physician and seeing our patients on a pro-bono or reduced cost rate. We are looking for physicians who are willing to provide eye exams to children and families without medical insurance and income below 200% of the Federal Poverty Guideline.

For those who would like to work from our clinic, we want to let you know that we are very flexible here as there are opportunities to volunteer in the morning or afternoon, once or twice a month, or as often as you can. The clinic’s staff will work with you one month in advance to set your schedule for the following month.

The clinic is well equipped with a fundus camera, Humphrey visual-field analyzer, surgery suite, SPOT and an OCT. Our computer system is intuitive, easy to learn, with drop-downs and fill-ins. The Florida Department of Health provides Sovereign Immunity for malpractice issues to all volunteers. Our clinic staff and volunteers are friendly, well trained, and efficient, and work up the patients for you. There is no need to speak Spanish as our staff, volunteers and patients will assist you with translation and communication.

Helping children and families in dire need of eyecare gives you a sense of fulfillment and an opportunity to give your skills back to the community. Your experience at the clinic will range from patients with delayed pathology or undiagnosed ocular problems that may be different than in your practice. You will see patients with significant problems which if needed can be referred out to specialists for follow-ups, treatments and surgery.

If you are interested in volunteering or have any additional questions, please contact Clinic Supervisor, Olivia I. Peña at 239-202-0757 or email at oliviap@fllec.com. We look forward to working with you.

Thank you,

Florida Lions Eye Clinic Staff

Dear Volunteer,

As a volunteer who is in this health care setting and office practice, you have an ethical and legal duty to keep patient information confidential. Federal law known as the Health Insurance Portability and Accountability Act of 1996 (HIPAA) forbids healthcare providers from disclosing protected healthcare information, except upon written authorization by the patient or as otherwise permitted by the law.

Under the HIPAA Security and Privacy Regulations, hospitals and other healthcare providers are required to have the capacity to determine who is accessing their patients’ protected healthcare information. Failure to maintain patient confidentiality, accessing patient information without a need to do so for your work, or any other violation of policy, may result in disciplinary action.

I have received and reviewed all information that I was given about patient privacy and confidentiality. I understand there are rules regarding the use and disclosure of patient protected healthcare information, and I agree to abide by such rules and keep protected healthcare information confidential. I recognize that I may be immediately removed from this organization if I do not comply with this confidentiality and privacy agreement.
